President's Message

NAMASTE

I wish you all happiness, joy, purposeful, prosperous, peace and tranquility on the eve of CHANDRAMANA UGADI "Shobhkruthu" nama samvatsara. It is greatness of our culture that the New Year begins in Vasantharuthu and the time in which the leaves and flowers blossom and invite the new year. In the last year Shubhkruthu samvatsara nullified the difficulties faced by the people during the Covid-19 pandemic all over the world and made the life much easier. The coming year which is named Shobhkruthu may also bring Shubha and Shobha and enables the entire world leading a peaceful and joyful life.

As already informed the new committee has taken up the steps to increase the fellowship during our monthly meetings. On 12th Feb, 2023, we had a talk on 'Budget Analysis' by CA Kusuma Yathish and the fellowship was moderate. We expect that the members and their families utilize the opportunity of our meetings to enlarge the fellowship so that the efforts put in by committee is fructified. A good beginning has been made and let us hope that more and more people actively participate in the future programmes.

A famous professor of Medicine of Canada Dr. William Osler said that "the future is shaped today only, forget the yesterday, do not envisage of the future with dreams and become anxious and agitated. The doors of past and future be shut, practice to have a specific area of work, think and work without tension. Accomplish the day's work contemplated with dedication and complete it. Let the goals be within your reach". This idea was also given by our saints long back. "The wise people does not worry about the past events/incidents. They perform in present only". Sage Vasista in his 'Yoga Vasista' teach Srirama on the same lines". Gata Shokam Na Kurveetha Bhavisyam Naiva Chintayet | Vartnmaneshu Karyeshu Varthayanti Vichakshanaha". The wise men does not weep for the past, do not bother about future and agitated. They are concerned only for the present and work in the present. Let us live in the present and make our lives peaceful with purpose.

The world today has become more materialistic....but that's human weakness that existed since the dawn of the man. Exhibitionism has always ruled in different forms, but taking that as an excuse takes one nowhere. We do many good things and despite that, find no satisfaction or contentment ...the reason, deep in side, we are not devoted enough to understand that total surrendering to the universal 'Self' without distinction to name or form in primary.

One has to remember that, we are all essentially one despite minor distinction that are only superficial.

God bless us all.

With pranams,

T. K. Thimmaraja Setty
